What Is the Future of the Vegetarian Movement? Appendix A: Methodology; Appendix B: Vegetarian Websites; Notes; Select Bibliography; Index
Sommario/riassunto	Vegetarianism seems to be increasing in popularity and acceptance in the United States and Canada, yet, quite surprisingly, the percentage of the population practicing vegetarian diets has not changed dramatically over the past 30 years. People typically view vegetarianism as a personal habit or food choice, even though organizations in North America have been promoting vegetarianism as a movement since the 1850's. This book examines the organizational aspects of vegetarianism and tries to explain why the predominant movement strategies have not successfully attracted more people to adopt
