British colonial routes to modernity; 11. Hong Kong and the New Imperialism in East Asia, 1941-66; 12. The hapless imperialist? Portuguese rule in 1960s Macau; Bibliography; Index

Sommario/riassunto

Colonialism in China was a piecemeal agglomeration that achieved its greatest extent in the first half of the twentieth century, the last edifices falling at the close of the century. The diversity of these colonial arrangements across China's landscape defies systematic characterization. This book investigates the complexities and subtleties of colonialism in China during the first half of the twentieth century. In particular, the contributors examine the interaction between localities and forces of globalization that shaped the particular colonial experiences characterizing m
