Sommario/riassunto

<P>Today's society faces many problems that cannot be solved by the application of reason, logic or medicine. Some of these include alcoholism, suicide, drug addiction and child abuse to name but a few. Many mental health problems are on the increase such as depression, phobias and anxiety with no obvious solution in sight.</P><P>In Gods and Diseases, David Tacey argues that the answers lie in leaving behind the confines of conventional medicine. Instead we should turn towards spirituality and to what he calls 'meaning-making', to make sense of our physical and mental wellbeing and explore how
