

1. Record Nr.	UNINA9910790606603321
Autore	Humphrey Peter A
Titolo	Neoplastic mimics in genitourinary pathology // Peter A. Humphrey, Carlos Manivel, Robert H. Young
Pubbl/distr/stampa	New York : , : Demos Medical, , [2014] ©2014
ISBN	1-4619-4821-5 1-61705-183-7
Descrizione fisica	1 online resource : illustrations
Collana	Pathology of neoplastic mimics series
Altri autori (Persone)	ManivelCarlos YoungRobert H <1950-> (Robert Henry)
Disciplina	616.99/46
Soggetti	Generative organs, Male - Cancer Cancer in men
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Neoplastic mimics : general considerations / Mark R. Wick and Henry D. Tazelaar -- Kidneys and ureter / Peter A. Humphrey -- The urinary bladder / Robert H. Young and Peter A. Humphrey -- The prostate gland / Peter A. Humphrey and Robert H. Young -- Testis, scrotum, penis / Carlos Manivel.
Sommario/riassunto	Neoplastic mimics or "pseudotumors" can simulate neoplasms on all levels of analysis- clinical, radiologic, and pathologic--and thus represent particular diagnostic pitfalls for the pathologist that can ultimately lead to therapeutic misdirection. This book provides the pathologist with detailed morphologic descriptions and diagnostic guidance in recognizing these neoplastic mimics as they occur in the genitourinary system. In addition, descriptions and diagnostic guidance are provided for the range of genitourinary lesions tumors that may mimic benign masses but are in fact neoplastic. Thro
