Descrizione fisica	1 online resource (534 p.)
Disciplina	690.03
Soggetti	Building
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Preface -- Abbreviations -- A concise (oft times not so concise), illustrated, lexicon, of construction terms and phrases -- Organizations that affect construction.
Sommario/riassunto	This authoritative and comprehensive resource offers all levels of professionals in the building industries--from architects and construction engineers to builders, contractors, and inspectors to suppliers and facilities engineers--the first up-to-date reference on construction terms and phrases to have been published in recent years. The coverage is wide ranging, from familiar terms like "concrete" to arcane terms like "elutriator." Entries are explained in terms of their use in specific types of construction. Common construction math formulas are also explained.
