| Nota di bibliografia    | Includes bibliographical references and index.  |
| Nota di contenuto       | The rise of billfish -- The interlocking web of ocean life: from plankton to -- Billfish -- Billfish through the ages -- Anatomy of tournaments -- The ultimate billfish: blue marlin -- Night stalkers: swordfish -- Billfish bantamweights: spearfish, white marlin, and -- Sailfish -- The fate of billfish.                                 |
| Sommario/riassunto      | The billfish is fixed at the apex of the oceanic food chain. Noted for their speed, size, and acrobatic jumps, billfish have for centuries inspired a broad spectrum of society. Ulanski tells the saga of this unique group of fish-- and those who have formed bonds with them through their pursuit, study, and protection of these species. |
