Sommario/riassunto	An intellectual and cultural history of mid-twentieth century plans for European integration, this book calls into question the usual pre- and post-war periodizations that have structured approaches to twentieth-century European history. It focuses not simply on the ideas of leading politicians but analyses debates about Europe in "civil society" and the party-political sphere in Germany, asking if, and how, a "permissive consensus" was formed around the issue of integration. Taking Germany as its case study, the book offers context to the post-war

debates, analysing the continuities that exi
