Sommario/riassunto	This book is in the form of a diary of military service kept from 3 September 1939 to release in spring 1946. It is a true and accurate account. There is not one word of fiction. Douglas Hudson wrote about how he felt at the time, and what he saw in not quite six and a half years. There are inevitable gaps when there was either nothing of importance to note or difficulty in doing so, particularly when abroad. A diary like this one was strictly against regulations, so it had to be kept secret...

Sommario/riassunto	Since publication of the 4th Edition of The Autoimmune Diseases in 2006, the understanding of the immune mechanisms underlying autoimmunity and autoimmune disease has significantly deepened and broadened. This fully revised 5th Edition incorporates new material and combines common themes underlying inductive and effector mechanisms and therapies that relate generally to the autoimmune disorders. It discusses the biological basis of disease at genetic, molecular, cellular, and epidemiologic levels and includes expanded coverage of autoinflammatory disease and aut
