Nota di contenuto	part I. Introduction -- part II. America's indigenous peoples -- part III. Marginalized racial/ethnic communities -- part IV. Socially devalued groups.
Sommario/riassunto	The oppression of various groups has taken place throughout human history. People are stereotyped, discriminated against, and treated unjustly simply because of their social group membership. But what does it look like when the oppression that people face from the outside gets under their skin? Long overdue, this is the first book to highlight the universality of internalized oppression across marginalized groups in the United States from a mental health perspective. It focuses on the psychological manifestations and mental health implications of internalized oppression for a variety of groups
