| Sommario/riassunto | Constitutional scholar Clint Bolick examines the importance of judicial nominations in current and future political campaigns?not just in campaigns for president but also for the senators who confirm the nominees and the governors who appoint state court judges. He offers his opinion of the framers' original intentions?that the judiciary play a robust role in curbing abuses of government power and protecting individual rights?and provides both a historical perspective and a look at the courts' decisions on today's most contentious issues. |

Sommario/riassunto

In this timely and important new book, Gary Anderson provides a devastating critique of why a managerial role for educational leaders is counterproductive, especially for improving opportunities for low-income students and students of color, and instead proposes ways of re-theorizing educational leadership to emphasize its advocacy role. Advocacy Leadership lays out a post-reform agenda that moves beyond the neo-liberal, competition framework to define a new accountability, a new pedagogy, and a new leadership role definition. Drawing on personal narrative, discourse analy
