Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	pt. 1. A childhood in Antwerp -- pt. 2. Adolescence in England.
Sommario/riassunto	Bo, Jenny and I is a memoir describing the life of a young woman growing up in unusual circumstances, as well as a discussion of political and sociological effects of troubled times upon "ordinary people." After an early childhood in pre-war Antwerp, the author, her formidable grandmother, and her young, unconventional working mother fled to England in 1940, upon Germany's invasion of Belgium. As refugees, the family adapted to its changed circumstances and to life in World War II England. The political upheavals of the times are reflected in the life of this small family and its remarkable experiences.
