Vanhoutte -- Antipolitics as participation : paradox and challenge / Elena Alessiato -- Dialogic politics and the end of democracy / Vincent Jungkunz -- Why the epistemic justification of deliberative democracy fails / Christian Blum -- Participation in a deliberative system / Volkan Gul -- The challenge of slow-motion democracy : synthetic and progressive rationalization of mini-public deliberation / Walter F. Baber and Robert V. Bartlett -- Citizenship and political action : the dilemma between patriotism and cosmopolitanism / Bruno Serra -- Participative citizenship in a pluralistic democracy / Jonardon Ganeri. |
| Sommario/riassunto      | Challenges to Democratic Participation focuses on three major trends of contemporary theoretical challenges to participatory democracy: antipolitics, deliberative democracy, and pluralism. It is accessible and useful to a wide variety of audiences, from scholars and practitioners working in political science to activists and citizens interested in the theoretical setting of democratic practices. It also enhances current scholarship, serving as a guide to existing research and identifying useful future research.                                                                                                                                                                                                                                                     |
