

1. Record Nr.	UNINA9910790973603321
Autore	Udayakumar Puthiyavan
Titolo	Getting started with Citrix® Provisioning services 7.0 // Puthiyavan Udayakumar
Pubbl/distr/stampa	Birmingham, England : , : Packt Publishing, , 2014 ©2014
ISBN	1-78217-671-3
Descrizione fisica	1 online resource (134 p.)
Collana	Professional expertise distilled
Disciplina	G70.212
Soggetti	Computer networks - Remote access Client/server computing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Professional Expertise Distilled"--Cover. Includes index.
Nota di contenuto	Cover; Summary; Copyright; Credits; Notice; About the Author; About the Reviewers; www.PacktPub.com; Table of Contents; Preface; Chapter 1:Introduction to Citrix® Provisioning Services 7.0; The background of Citrix® Provisioning Services 7.0; High-level logical flow of Citrix® Provisioning Services; Architecture of Citrix® Provisioning Services 7.0; Provisioning Service License server; Provisioning Service Database server; Provisioning Service Admin Console; Shared storage service; Active Directory Server; Network services; Citrix® Provisioning Server; Terminology Citrix® Provisioning Service farmsCitrix® Provisioning Service stores; Citrix® Provisioning Service sites; Citrix® Provisioning Service vDisk; Citrix® Provisioning Service vDisk modes; Citrix® Provisioning Service vDisk pools; Citrix® Provisioning Service vDisk Update Management; Citrix® Provisioning Service write cache destination; System requirements; Summary; Chapter 2:Installing and Configuring Citrix® Provisioning Services 7.0; Installing Citrix® Provisioning Server using GUI; Installing Citrix® Provisioning Services using the command-line interface Installing Citrix® Provisioning Services Console 7.0 using GUIConfiguring Citrix® Provisioning Server 7.0; Configuring Provisioning Services using the command-line interface; Summary;

Chapter 3: Managing Citrix® Provisioning Disk; Organizing a principal target device; Checking the readiness of the master target device's hard disk; The principal target device's BIOS configuration; Server network adapter BIOS configuration; Deploying the master target device application and operating system updates; Allocating a vDisk to the target device; Properties of the principal target device
Dealing with the bootstrap files and boot devices
Summary; Chapter 4: Operating Citrix® Provisioning Services 7.0; Managing and operating a farm; Operating sites; Managing and operating stores; Managing and operating target devices; Operation over target devices; Creating a new target device object in the Provisioning Service database; Setting the target device as the template for this collection; Copying and pasting target device properties; Booting target devices; Checking the target device's status via Console; Sending messages to target devices; Enabling/disabling a target device
Managing and operating the device collections
Device management operations; Creating a device collection; Importing a device collection; Deleting a device collection; Booting target devices within a collection; Managing views; Managing and operating the provisioning servers; Operation tasks in the Provisioning Service task; Copying and pasting server properties; Deleting a server; Starting, stopping, or restarting Provisioning Services on a server; Showing the server connections; Load balancing the target devices on a server; Checking for vDisk access updates

Manually configuring Provisioning Servers

Sommario/riassunto

This practical guide helps you to administer Citrix Provisioning Services. Each chapter is structured in way to help you easily understand the various features, with accompanying practical examples that help beginners to quickly understand the product. This book is a useful guide for an admin/engineer who is new to the Citrix virtualization solution and provisioning service, and who is looking to get a good grounding in Citrix PVS. It's assumed that you will have some understanding of the basics of virtualization already, but that's all you need to know!
