Sommario/riassunto	This book vividly brings alive the dramatic situation facing Europe and the Allies after the loss of Dunkirk. Churchill and his generals - Alexander, Brooke, Wavell and Montgomery - were faced with many disasters that required courageous decisions in order to pursue their aim of victory. This is the inside story of the situations they faced, the decisions they made and the outcome of those choices. An incredible portrayal of the courage, the nerve and the commitment of those brave men who affected the course of history.
