| Sommario/riassunto | Offering a rich ethnographic account, this book traces the historical processes by which Andalusians experienced the shift from being poor emigrants to northern Europe to becoming privileged citizens of the southern borderland of the European Union, a region where thousands of African immigrants have come in search of a better life. It draws on extended ethnographic fieldwork in Granada and Senegal, exploring the shifting, complementary and yet antagonistic relations between Spaniards and African immigrants in the Andalusian agrarian work place. The author's findings challenge the assumptio |
