## Sommario/riassunto

In this first volume of the Psychological Perspectives on Lesbian and Gay Issues series, innovative empirical studies provide insight into the complexities and subtleties of the lesbian and gay community. Outstanding contributors explore issues relating to: the children of lesbians; internalized homophobia; lesbian and gay development; relationship quality of cohabiting couples; sexual pride and shame in lesbians; physical appearance; the impact of the feminist political movement; heterosexual attitudes; and boundaries in lesbian therapist/client relationships.
