Sommario/riassunto

This book provides a unique comparative study of the major secessionist and self-determination movements in post-colonial Africa, examining theory, international law, charters of the United Nations, and the Organisation of African Unity (OAU)/African Union's (AU) stance on the issue. The book explores whether self-determination and secessionism lead to peace, stability, development and democratisation in conflict-ridden societies, particularly looking at the outcomes in Eritrea and South Sudan. The book covers all the major attempts at self-determination and secession on the continent, extensi
