Sommario/riassunto

With the publication of this remarkable book in 1998, Gustavo Esteva and Madhu Suri Prakash instigated a complete epistemological rupture. Grassroots Post-modernism attacks the three sacred cows of modernity: global thinking, the universality of human rights and the self-sufficient individual. Rejecting the constructs of development in all its forms, Esteva and Prakash argue that even alternative development prescriptions deprive the people of control over their own lives, shifting this control to bureaucrats, technocrats and educators. Rather than presuming that human progress fits a predeter

### Sommario/riassunto

Hauptbeschreibung Der Tagungsband 2003 des Finanzwissenschaftlichen Ausschusses zum Thema "Finanzpolitik und Umverteilung" bietet einen kompetenten Überblick über neuere Entwicklungen auf dem politisch aktuellen Forschungsfeld der Umverteilungspolitik, den in dieser synoptischen und kompakten Form Fachzeitschriften und Monographien nicht bieten können. (<http://www.socialpolitik.org/aussch.htm> bietet eine Dokumentation der Tagungsbande der letzten Jahre.) Johann Brunner (Universität Linz) analysiert aus verteilungspolitischer Perspektive die Theorie der Optimalbesteuerung
