Sommario/riassunto

The International Yearbook of Futurism Studies was founded in 2009, the centenary year of Italian Futurism, in order to foster intellectual cooperation between Futurism scholars across countries and academic disciplines. The Yearbook does not focus exclusively on Italian Futurism, but on the relations between Italian Futurism and other Futurisms worldwide, on artistic movements inspired by Futurism, and on artists operating in the international sphere with close contacts to Italian or Russian Futurism. Volume 4 (2014) is an open issue that addresses reactions to Italian Futurism in 16 countries (Argentina, Armenia, Brazil, Egypt, France, Germany, Great Britain, Greece, Holland, Hungary, Japan, Portugal, Russia, Slovenia, Spain, USA), and in the artistic media of photography, theatre and visual poetry.
