Sommario/riassunto	This book offers a series of studies that come together in their concern for furthering an understanding of the French language, of its uses, its forms, its variation, and its acquisition. Other than contributing to a general understanding of French, this book also addresses the use of corpora for the study of language and the links between tools, methods, analyses and applications. What data are used, and how? What are the underlying theoretical and/or methodological considerations? How have...
