Sommario/riassunto

Powerful women aren't just men walking around in dresses! As women continue to assume positions of social leadership in increasing numbers, the dynamics of the social construction of power need to be examined. Have women adopted traditionally male patterns of behavior in an effort to gain and maintain power in business, industry, politics, academics, etc.? And if not, what kind of power are women practicing? The authors of *Women, Power, and Ethnicity: Working Toward Reciprocal Empowerment* endeavored to find out by conducting a research study on how women from various racial and ethnic
