Further Applications of Frommian Theory

Sommario/riassunto

This 7th Edition helps students unravel the mysteries of human behavior through its highly readable introduction to the ideas of the most significant personality theorists. Engaging biographical sketches begin each chapter, and unique capsule summaries help students review key concepts. Theories come alive through the inclusion of quotations from the theorists' writings and numerous applications such as dream interpretation, psychopathology, and psychotherapy. Significant changes in the 7th edition include an extended discussion of the practical applications of personality theo
