Sommario/riassunto	What does it mean to be "in between"? As more biracial and multiracial students enter the classroom, educators have begun to critically examine the concept of race. Through compelling narratives, best-selling author Bonnie M. Davis gives voice to a frequently mislabeled and misunderstood segment of the population. Filled with research-based instructional strategies and reflective questions, this book supports readers in examining: The meaning of race, difference, and ethnicity How mixed-identity students develop racial identities How to adjust instruction to demonstrate cultural pr

Sommario/riassunto	This book debates the values and ideals of Confucian politics—

harmony, virtue, freedom, justice, order—and what these ideals mean for Confucian political philosophy today. The authors deliberate these eminent topics in five debates centering on recent innovative and influential publications in the field. Challenging and building on those works, the dialogues consider the roles of benevolence, family determination, public reason, distributive justice, and social stability in Confucian political philosophy. In response, the authors defend their views and evaluate their critics in turn. Taking up a broad range of crucial issues—autonomy, liberty, democracy, political legitimacy, human welfare—these author-meets-critic debates will appeal to scholars interested in political, comparative, and East Asian philosophy. Their interlaced themes weave a portrait of what is at stake in discussing Confucian values and theory. Most importantly, they engage and develop the state of the field of Confucian political philosophy today.
