Critical Alliances -- Appendix A -- Appendix B -- Appendix C -- Appendix D -- Notes -- References -- Index -- About the Author
Sommario/riassunto	Through the voices of women activists in the welfare rights movement across the United States, <i>The Price of Progressive Politics</i> exposes the contemporary reality of welfare rightspolitics, revealing how the language of colorblind racism underminesthis multiracial movement. Through in-depth interviews with activists in eight organizations across the UnitedStates, Rose Ernst presents an intersectional analysis of howthese activists understand the complexities of race, classand gender and how such understandings have affectedtheir approach to their grassroots work. Engaging and accessible, <i>The Price of Progressive Politics</i> offers a refreshingexamination of how those working for change grapple withshifting racial dynamics in the United States, arguing thatorganizations that fail to develop a consciousness that reflectsthe reality of multiple marginalized identities

ultimately reproduce the societal dynamics they seek to change.
