Conclusion; Back Cover
Sommario/riassunto	It is increasingly clear that children and the youth today play a

significant role in the labour process in Africa. But, to what extent is this role benign? And when and why does this role become exploitative rather than beneficial? This book on children and the youth in Africa sets out to address these questions. The book observes that in Africa today, children are under pressure to work, often engaged in the worst forms of child labour and therefore not living out their role as children. It argues that the social and economic environment of the African child is markedly different from what
