Sommario/riassunto	India is now enmeshed in the deterrence game-actively with its traditional adversary Pakistan, and potentially with China. At the same time it is finding easier access to fissile materials and strategic technologies. In order to deal with these developments safely and wisely, the nation needs a much more sophisticated and multidisciplinary understanding of the strategic, technological, operational, and cost issues involved in nuclear matters. In this important book, Indian strategic analyst Verghese Koithara explains and evaluates India's nuclear force management,
