Sommario/riassunto	In this book, Ariel Ahram offers a new perspective on a growing threat to international and human security-the reliance of 'weak states' on quasi-official militias, paramilitaries, and warlords. Tracing the history of several ""high profile"" paramilitary organizations, including Indonesia's various militia factions, Iraq's tribal ""awakening,"" and Iran's Revolutionary Guard and Basij corps, the book shows why and how states co-opt these groups, turning former rebels into state-sponsored militias.
