Sommario/riassunto	""Competency-Based Assessments in Mental Health Practice should be required reading for all clinical practitioners and students. Author Susan W. Gray provides a competency-based assessment model that moves away from looking at mental illness as a 'disease' to capturing people's strengths and the uniqueness of their experience with mental illness.""-Alex GittermaZachs Professor and Director of PhD Program ""Competency-Based Assessment in Mental Health Practice not only describes the rather cumbersome
