Sommario/riassunto	Winner of an AJN Book of the Year Award for 2010!. ""This book... provides important information on best practices and appropriate ways

to care for a person with Alzheimer's and advanced dementia. Drs. Martin and Sabbagh have assembled a team of experts to help craft recommendations that should ultimately become standards that all professional caregivers adopt." -Michael Reagan. Son of former President Ronald Reagan. President, Reagan Legacy Foundation. This book testifies that caregivers can have a monumental impact on the lives of persons with advanced dementia. Through specialized programmi
