

1. Record Nr.	UNINA9910791829003321
Titolo	The Safe Use Initiative and health literacy [[electronic resource]] : workshop summary // Cori Vancheri, Rapporteur ; Institute of Medicine of the National Academies
Pubbl/distr/stampa	Washington, D.C., : National Academies Press, 2010
ISBN	0-309-18498-3 1-282-94861-X 9786612948619 0-309-15932-6
Descrizione fisica	1 online resource (91 p.)
Altri autori (Persone)	VancheriCori
Disciplina	362.1782
Soggetti	Medication errors Health education Patient education
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Roundtable on Health Literacy, Board on Population Health and Public Health Practice."
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	""Front Matter""; ""Reviewers""; ""Acknowledgments""; ""Contents""; ""Tables, Figures, and Boxes""; ""1 Introduction""; ""2 FDA Safe Use Initiative""; ""3 Over-the-Counter Products""; ""4 Initiatives to Advance Patient-Centered Drug Safety""; ""5 Identifying Activities Around Which to Build Partnerships for Patient-Centered Drug Safety""; ""6 How Can the Lessons of Health Literacy Be Used to Build Patient-Centered Outcomes for Safe Use?""; ""References""; ""Appendix A: Acronyms""; ""Appendix B: Workshop Agenda""; ""Appendix C: Workshop Speaker Biosketches""
Sommario/riassunto	"Every year at least 1.5 million people suffer adverse effects from medication. These problems occur because people misunderstand labels, are unaware of drug interactions, or otherwise use medication improperly. The Food and Drug Administration's Safe Use Initiative seeks to identify preventable medication risks and develop solutions to them. The IOM held a workshop to discuss the FDA's Safe Use Initiative and other efforts to improve drug labeling and safety."--
