Sommario/riassunto	Having survived the process of modernization and reasserted themselves in public life, religious traditions play an increasingly important public role in shaping and defining social institutions and interactions. This book examines Rawls's theory of political liberalism in the context of Muslim societies, where religion wields a significant social and political influence. Contrasting a sociological analysis with a theoretical approach, the author explores the political questions brought up by religious individuals, organizations, and minorities, and examines fundamental notions such
