| Sommario/riassunto      | The Historical Dictionary of Neoclassical Art and Architecture provides an overview of Neoclassicism, focusing on its major artists, architects, stylistic subcategories, ideas, and historical framework of the 18th century style found mainly in Europe and the United States. This is done through a chronology, an introductory essay, an extensive bibliography, and over 200 dictionary entries on famous artists, sculptors, architects, patrons, and other historical figures and events. |
