Sommario/riassunto

Making Anti-Racial Discrimination Law examines the evolution of anti-racial discrimination law from a socio-legal perspective. Taking a comparative and interdisciplinary approach, the book does not simply look at race and society or race and law but brings these areas together by drawing out the tension in the process, in different countries, by which race becomes a policy issue which is subsequently regulated by law. Moving beyond traditional social movement theory to include the extreme right wing as a social actor, the study identifies the role of extreme right wing confrontatio
