| Nota di contenuto | The impact of European integration on regional power -- Devolution and the accommodation of Basque difference in Spain -- Basque participation in the state's EU decisions -- The Basque presence in Brussels -- More allies, more influence? : the Atlantic Arc and transEuropean networks -- Basque taxation devolution and the EU's competition imperative. |
| Sommario/riassunto | "The book explores prospects for an autonomous Basque role in EU politics; institutional arrangements for autonomous community participation in EU decision making; Basque government alliances with other regions and the EU's supranational bodies; EU incentives for collaboration among Basque and central state authorities; the impact of EU decisions on politically sensitive Basque competencies; and the incidence of EU issues in nationalist disputes. It presents a new theoretical framework for analysing the impact of the EU on regional power and will be of interest to students, researchers and general observers of Basque, Spanish and EU politics."--Jacket. |
