Nota di contenuto	Cover; Contents; List of Illustrations; Acknowledgements; Introduction to the second edition; Introduction to the first edition; PART I: HISTORICAL AND PHILOSOPHICAL BACKGROUND; PART II: ECOMUSEUMS: AN OVERVIEW; PART III: RE-EVALUATING THE ECOMUSEUM; Index
Sommario/riassunto	The ecomuseum phenomenon has grown dramatically in recent years. There is now no one ecomuseum model, but rather a philosophy that has been adapted and moulded for use in a variety of situations. With many more ecomuseums being established, the international appeal and reach of the idea grows; these changes are reflected in the 'geographical' sections of this volume. Of particular significance is the rise in ecomuseology in India, China (including Taiwan), Japan, Thailand, Vietnam and Cambodia, as well as significant increases in Italy, Poland, the Czech Republic and Turkey.

2. Record Nr.	UNINA9911009282103321

Nota di contenuto	Frontmatter -- Contents -- Acknowledgments -- Introduction: Why Civility Matters -- 1. Civility as a Moral Quandary and a Political Necessity -- 2. Imagining the Politics of Civility -- 3. Civility in the Discursive Public Sphere -- 4. The Structure, Uses, and Limitations of Incivility -- 5. Strong Civility for Social Justice -- Notes -- References -- Index
Sommario/riassunto	From the pundits to the polls, nearly everyone seems to agree that US politics have rarely been more fractious, and calls for a return to "civil discourse" abound. Yet it is also true that the requirements of polite discourse effectively silence those who are not in power, gaming the system against the disenfranchised. What, then, should a democracy do? This book makes a case for understanding civility in a different light. Examining the history of the concept and its basis in communication and political theory, William Keith and Robert Danisch present a clear, robust analysis of civil discourse. Distinguishing it from politeness, they claim that civil argument must be redirected from the goal of political comity to that of building and maintaining relationships of minimal respect in the public sphere. They also take

into account how civility enables discrimination, indicating conditions under which uncivil resistance is called for. When viewed as a communication practice for uniting people with differences and making them more equal, civility is transformed from a preferable way of speaking into an essential component of democratic life. Guarding against uncritical endorsement of civility as well as skepticism, Keith and Danisch show with rigor, nuance, and care that the practice of civil communication is both paradoxical and sorely needed. *Beyond Civility* is necessary reading for our times.
