Sommario/riassunto	HauptbeschreibungThe construction industry is one of the most booming industries in the world. In particular, in the United Arab Emirates this industry has experienced a constant growth over the course of the last few years. Driven by the UAE's oil wealth, the country has witnessed an unmatched development and transformation. Oil revenues have lead to a driving construction boom and completely change the face of the state.The construction industry is still one of the engines of economic growth in the UAE. One of the highest concentrations of cranes in the world speaks volumes ab
