

1. Record Nr.	UNINA9910792138603321
Titolo	Operative techniques in transplantation surgery // [editor], Michael J. Englesbe, MD, editor, Associate Professor of Surgery, Department of Surgery, University of Michigan Medical School, Ann Arbor, Michigan ; Michael W. Mulholland., MD, PhD, editor-in-chief, Professor of Surgery and Chair, Department of Surgery, University of Michigan Medical School, Ann Arbor, Michigan ; illustrations by BodyScientific International, LLC
Pubbl/distr/stampa	Philadelphia : , : Wolters Kluwer, , [2015] ©2015
ISBN	1-4963-0710-0 1-4963-2457-9
Descrizione fisica	1 online resource (359 pages) : illustrations
Disciplina	617.9/54
Soggetti	Transplantation of organs, tissues, etc
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Section I Deceased Donor KidneyProcurement; 1 Standard Deceased Donor Kidney Procurement; 2 Procurement of Pediatric En Bloc Kidneys; 3 Renal Machine Perfusion and Preimplantation Renal Allograft Biopsy; Section II Living Donor Kidney Procurement; 4 Laparoscopic Hand-Assisted Donor Nephrectomy; 5 Fully Laparoscopic Donor Nephrectomy; 6 Open Retroperitoneal Nephrectomy; Section III Kidney Transplantation SurgicalProcedures; 7 Adult Kidney Transplantation 8 Kidney Transplantation with Complex Arterial Anatomy9 Pediatric Kidney Transplantation; 10 Transplantation of Pediatric En Bloc Kidneys; 11 Kidney Transplantation in the Obese Recipient; 12 Renal Allograft Thrombosis; 13 Transplant Nephrectomy; Section IV Deceased Donor LiverProcurement; 14 Procurement of Liver for Transplantation; 15 Liver and Kidney Donation Following Cardiac Death; 16 Back-Table Preparation of the Liver for Transplantation; Section V Living Donor Liver Procurement; 17 Right Hepatectomy for Living Donation; 18 Living Donor Left Hepatectomy 19 Left Lateral Segment Living Donor HepatectomySection VI Whole

Graft Liver Transplantation; 20 Deceased Donor Transplantation Hepatectomy (Artery, Portal Vein, and Bile Duct); Section VII Liver Transplantation-Venous Outflow; 21 Bicaval Liver Transplantation (with Venovenous Bypass); 22 Piggyback Liver Transplantation; 23 Liver Transplantation Using a Cavocavostomy; Section VIII Liver Transplantation-Portal Vein Reconstruction; 24 Portal Vein Reconstruction during Liver Transplantation; 25 Management of Portal Vein Thrombosis; 26 Pediatric Portal Vein Reconstruction  
Section IX Liver Transplantation-Arterial Reconstruction  
27 Standard Arterial Reconstruction; 28 Arterial Reconstruction with Replaced Hepatic Arteries; 29 Arterial Reconstruction with an Aortic Conduit; 30 Arterial Reconstruction in Children; Section X Liver Transplantation-Biliary Reconstruction; 31 Standard Choledochocholedochostomy; 32 Roux-en-Y Biliary Reconstruction; 33 Choledochoduodenostomy; 34 Biliary Reconstruction in Children; Section XI Partial Graft Liver Transplantation; 35 Right Lobe Liver Transplantation in Adults; Section XII Pancreas Transplantation  
Surgical Procedures  
36 Left Lobe Living Donor Liver Transplantation in Adults  
37 Left Lobe and Left Lateral Segment Transplantation in Children; 38 Back-Table Preparation of the Pancreas for Transplantation; 39 Procurement of the Pancreas for Solid Organ and Islet Transplantation; 40 Pancreas Transplantation with Systemic Venous Drainage; 41 Pancreas Transplantation with Portal Venous Outflow; 42 Enteric and Bladder Drainage of the Exocrine Pancreas and Enteric Conversion; 43 Transplant Pancreatectomy; Section XIII Lung Transplantation  
Surgical Procedures; 44 Procurement of Lungs for Transplantation; 45 Single Lung Transplantation  
46. Bilateral Sequential Lung Transplantation; Section XIV Portal Hypertension  
Surgical Procedures; 47 Transjugular Intrahepatic Portosystemic Shunt; 48 Surgery for Portal Hypertension in Children and Adults.
