Nota di contenuto	Cover; Contents; List of Figures and Tables; List of Contributors; Acknowledgements; 1 Past Mobility: An Introduction; 2 Past Movements, Tomorrow's Anchors; 3 Enmeshments of Shifting Landscapes and Embodied Movements of People and Animals; 4 Suspended Animations: Mobilities in Rock Art Research; 5 GIS Approaches to Past Mobility and Accessibility; 6 Micro Mobilities and Affordances of Past Places; 7 Mobility and the Skeleton: A Biomechanical View; 8 Women on the Move. The DNA Evidence for Female Mobility and Exogamy in Prehistory; 9 Mobility in the Roman

Empire

10 Travelling by Water. A Chronology of Prehistoric Boat

Archaeology/Mobility in EnglandIndex

Sommario/riassunto

The new mobilities paradigm has yet to have the same impact on archaeology as it has in other disciplines in the social sciences - on geography, sociology and anthropology in particular - yet mobility is fundamental to archaeology: all people move. Moving away from archaeology's traditional focus upon place or location, this volume treats mobility as a central theme in archaeology. The chapters are wide-ranging and methodological as well as theoretical, focusing on the flows of people, ideas, objects and information in the past; they also focus on archaeology's distinctiveness.
