Sommario/riassunto	Countries across the Middle East face a number of social problems such as poverty, unemployment, housing, internal immigration and caring for vulnerable groups such as children, women, the disabled and the elderly. Providing an overview of the wide range of social issues addressed by social work practitioners, this book reveals the impact of the region's distinct historical and cultural factors, traditions, and customs and applications on social welfare and social work practice. Examining social work education and practice across a number of countries including Egypt, Palestine, Jordan.
