Conservative Mexican Exceptionalism: Body Politics and the "Wound" of '68; Conclusion: The End of an Era; Notes; Bibliography; Index
Sommario/riassunto	In the middle of the twentieth century, a growing tide of student activism in Mexico reached a level that could not be ignored, culminating with the 1968 movement. This book traces the rise, growth, and consequences of Mexico's ""student problem"" during the long sixties (1956-1971). Historian Jaime M. Pensado closely analyzes student politics and youth culture during this period, as well as reactions to them on the part of competing actors. Examining student

unrest and youthful militancy in the forms of sponsored student
thuggery (porrismo), provocation, clientelism (charrismo)
