Sommario/riassunto

There is a great concern about the sustainability of forestry and the contribution of private forestry towards this aim. It is therefore important to develop effective policies to support or shape private forestry. This book includes a selection of revised papers from a conference on the subject.

Sommario/riassunto	This book is about both the fear of gender reversal and its expression in the prophet Ezekiel's reworking of the marital metaphor. Kamionkowski argues that the abomination of ""wife Jerusalem"" is that she is attempting to pass for a male, thereby crossing gender boundaries and upsetting the world order. Sommario/riassunto	For most prisoners of war in Nazi Germany, the experience of captivity was very different from the dramatic and exciting picture still commonly associated with Colditz. Drawing on first-hand accounts by hundreds of British and Commonwealth ex-POWs, along with thousands of official documents, S. P. Mackenzie goes beyond the popular mythology to present a vivid portrait of what it was really like to be a 'Kriegie'.
