Sommario/riassunto	Drawing on a range of employee and employer surveys, this ambitious study presents a comprehensive examination of the conditions, attitudes, and experiences of British employees over the last twenty

years. Based on the 'Future of Work' research programme this book will shape our understanding of employment in Britain for the foreseeable future. - ;Much of the received wisdom about the world of work emphasizes the marketization of the employment relationship; the decline of class-based forms of inequality, and the individualization of employment relations. Non-standard forms of employment, the
