Sommario/riassunto	Increasing labour market flexibility is at the top of the European agenda. A new and challenging view is that lack of mobility in the

labour market may arise from rigidities in the housing market. This book brings together top European economists to analyse the interaction between housing and labour markets and provides clear policy messages. - ;Increasing labour market flexibility is at the top of the European agenda. A new and challenging view is a lack of mobility in the labour market may arise from rigidities in the housing market. The research in this book has been inspired by the intrigu
