Nota di contenuto Why Africa must get on board the modernity express -- The sticky problem of individualism -- The knowledge society and its rewards --Count, measure, and count again -- Process, not outcome: why trusting your leader, godfather, ethnic group, or chief may not best secure your advantage -- Against the philosophy of limits: installing a culture of hope. In a forthright and uncompromising manner, Olufemi Taiwo explores Sommario/riassunto Africa's hostility toward modernity and how that hostility has impeded economic development and social and political transformation. What has to change for Africa to be able to respond to the challenges of modernity and globalization? Taiwo insists that Africa can renew itself only by fully engaging with democracy and capitalism and by mining its untapped intellectual resources. While many may not agree with

bold exhortation for Africa to come into the 2

Taiwo's positions, they will be unable to ignore what he says. This is a
