

1. Record Nr.	UNINA9910792306503321
Titolo	Emotions in the field [[electronic resource] ] : the psychology and anthropology of fieldwork experience // edited by James Davies and Dimitrina Spencer
Pubbl/distr/stampa	Stanford, Calif., : Stanford University Press, 2010
ISBN	0-8047-7426-9
Descrizione fisica	1 online resource (289 p.)
Altri autori (Persone)	DaviesJames (James Peter) SpencerDimitrina
Disciplina	305.8/00723
Soggetti	Ethnology - Fieldwork - Psychological aspects Emotions - Anthropological aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Acknowledgments -- Contributors -- Introduction Emotions in the Field -- 1. From Anxiety to Method in Anthropological Fieldwork -- 2. "At the Heart of the Discipline" -- 3. Disorientation, Dissonance, and Altered Perception in the Field -- 4. Using Emotion as a Form of Knowledge in a Psychiatric Fieldwork Setting -- 5. Hating Israel in the Field -- 6. Tian'anmen in Yunnan -- 7. Emotional Engagements -- 8. Emotional Topographies -- 9. What Counts as Data? -- 10. Ascetic Practice and Participant Observation, or, the Gift of Doubt in Field Experience -- Index
Sommario/riassunto	As emotion is often linked with irrationality, it's no surprise researchers tend to underreport the emotions they experience in the field. However, denying emotion altogether doesn't necessarily lead to better research. Methods cannot function independently from the personalities wielding them, and it's time we questioned the tendency to underplay the scientific, personal, and political consequences of the emotional dimensions of fieldwork. This book explores the idea that emotion is not antithetical to thought or reason, but is instead an untapped source of insight that can complement more traditional methods of anthropological research. With a new, re-humanized methodological framework, this book shows how certain reactions and experiences

consistently evoked in fieldwork, when treated with the intellectual rigor empirical work demands, can be translated into meaningful data. *Emotions in the Field* brings to mainstream anthropological awareness not only the viability and necessity of this neglected realm of research, but also its fresh and thoughtful guiding principles.
