| Sommario/riassunto | The Dimensions of Hegel's Dialectic examines the epistemological import of Hegelian dialectic in the widest sense. In modern philosophy, German idealism, Hegel in particular, is said to have made significant innovative steps in redefining the meaning, scope and use of dialectic. Indeed, it is dialectic that makes up the very core of Hegel's position, |

yet it is an area of his thought that is widely neglected by the available literature despite the increased interest in Hegel's philosophy in recent years. This book brings together an international team of expert contributors in a long-overdue di
