

1. Record Nr.	UNINA9910792422403321
Autore	Small Robin <1944->
Titolo	Time and becoming in Nietzsche's thought / Robin Small
Pubbl/distr/stampa	London ; New York, : Continuum, 2010
ISBN	1-4725-4776-4 1-282-52602-2 9786612526022 1-4411-5225-3
Descrizione fisica	1 online resource (215 p.)
Collana	Continuum studies in Continental philosophy
Classificazione	5,1 CG 5917
Disciplina	115.092
Soggetti	Time Becoming (Philosophy)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages [191]-196) and index
Nota di contenuto	Absolute becoming -- From becoming to time -- The time-atom theory -- Motion, ways, and time -- Gateway and lanes -- Linear and circular time -- The eternal perspective -- The way of greatness Preface -- Introduction -- 1. Absolute Becoming -- 2. From Becoming to Time -- 3. The Time-Atom Theory -- 4. Motion, Ways and Time -- 5. Gateway and Lanes -- 6. Linear and Circular Time -- 7. The Eternal Perspective -- 8. The Way of Greatness -- Bibliography -- Index
Sommario/riassunto	Puzzles about time - about past, present and future, and the nature of becoming - have concerned philosophers from the ancient Greeks to the present day. Yet few have been as radical in their thinking as Friedrich Nietzsche. Time and Becoming in Nietzsche's Thought explores Nietzsche's approach to temporality, showing that his metaphorical and literary presentations lend themselves, in surprising detail, to the debates that have engaged other thinkers. Like Heraclitus, Nietzsche is a philosopher of becoming who sees reality as a continual flow of change. Time is an interpretation of becoming, designed to enable its tensions and fluctuations to be grasped conceptually by our minds. From this starting point, Robin Small explores the emergence of sharply contrasting models of temporality which express differing

forms of life. The book concludes with a return to Nietzsche's Dionysian vision of playful participation in becoming as a never-ending creation and destruction. Time and Becoming in Nietzsche's Thought reveals Nietzsche as a major contributor to our thinking about temporality and its significance for human life.
