

1. Record Nr.	UNINA9910792506103321
Autore	Sharp John A.
Titolo	The management of a student research project / / John A. Sharp, John Peters, and Keith Howard
Pubbl/distr/stampa	London : , : Routledge, , 2016
ISBN	1-351-88606-1 9786611098506 0-7546-8548-9 1-315-23844-6 0-566-08490-2 1-281-09850-7
Edizione	[3rd ed.]
Descrizione fisica	xvi, 261 p. : ill
Altri autori (Persone)	HowardKeith PetersJohn <1957->
Disciplina	378.1/7/0281
Soggetti	Independent study Project method in teaching Research
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First published 2002 by Gower Publishing.
Nota di bibliografia	Includes bibliographical references (p. 241-253) and index.
Nota di contenuto	pt. A. Preparation -- pt. B. Data analysis and gathering -- pt. C. Producing the research results.
Sommario/riassunto	The third edition of this popular book has been extensively revised to reflect the changes that have affected student research in higher education in recent years. The ability to carry out research successfully has come to be seen as a 'key transferable skill' required of all higher education students - and The Management of a Student Research Project addresses directly the skill element of this. Furthermore the research process, at all levels, is far more systematized than in the past. The single largest change since the second edition came out in 1996 has been the impact of the World Wide Web on student research. The third edition has been thoroughly rewritten and developed in response to this. In particular, Chapter 4, 'Literature Searching', has been structured around a sample online search. Throughout, the

comments and thoughts of readers of previous editions have been taken into account in framing this third edition. Its aims remain the same - to provide a clear, comprehensive and useful guide to students undertaking research projects in order to improve their chances of a successful outcome.
