Peninsula of Sun and War -- Four. History -- Five. Fetish -- Six. The Takeover -- Part III. Consequences -- Seven. From Crimea to Donbass -- Eight. #CrimealsOurs -- Nine. You Break It, You Run -- Notes -- Index
Sommario/riassunto	How the West sleepwalked into another Cold War A native of Yalta, Constantine Pleshakov is intimately familiar with Crimea's ethnic tensions and complex political history. Now, he offers a much-needed look at one of the most urgent flash points in current international relations: the first occupation and annexation of one European nation's territory by another since World War II. Pleshakov illustrates how the proxy war unfolding in Ukraine is a clash of incompatible world views. To the U.S. and Europe, Ukraine is a country struggling for self-determination in the face of Russia's imperial nostalgia. To Russia, Ukraine is a "sister nation," where NATO expansionism threatens its own borders. In Crimea itself, the native Tatars are Muslims who are vehemently opposed to Russian rule. Engagingly written and bracingly nonpartisan, Pleshakov's book explains the missteps made on all sides

to provide a clear, even-handed account of a major international crisis.
