Sommario/riassunto	"Eurasian Politics and Society: Issues and Challenges studies the various outcomes of regional transformation, the ideology of Turkish Eurasianism, and the Eurasian Economic Union. In doing so, it looks at the power struggle in the South Caucasus, Kazakhstan's relations with Russia, Russia's sense of Eurasianism, and geopolitical awareness as a pattern of imperial self-perception for Putin's Russia. The book also provides a detailed analysis of the situation in Syria from a

humanitarian perspective, and utilizes an innovative approach in exploring how the European Neighbourhood Policy resonates in Neo/Functionalism. As such, this volume represents a valuable resource for graduate and undergraduate students, academics and researchers in the areas of security, political economy, European studies, post-Soviet studies, and Eurasian studies." --
